## LRDC BUSINESS AND ORDERING INFORMATION

### 1) PURPOSE AND USE OF LRDC BUYERS GUIDE

The Alberta Education Learning Resources Distributing Centre (LRDC) Buyers Guide provides a **product listing of (1) all Alberta Education authorized learning resources and (2) additional learning resources that are carried by the LRDC based upon customer need and demand.**

It is the only Alberta Education document that identifies all Alberta Education authorized, approved and/or developed learning resources for use in delivering the Alberta curriculum.

Accessibility,  
Availability &  
Affordability of  
Learning Resources

The Buyers Guide provides important information about the accessibility, availability and affordability of (a) learning resources that should be used to meet learner and curricular expectations as defined in the Alberta Course of Studies and (b) also "high demand" learning products that teachers, students and parents can use to enhance student learning.

\*\*\*\*\*

### 2) IMPROVED ACCESS TO BUYERS GUIDE PRODUCTS AND ORDERING

#### a) INTERNET

- Direct Internet Ordering

CD ROM Version

#### b) CD ROM VERSION

The LRDC Buyers Guide will be available on a CD-ROM again this year. The CD-ROM, which should be available in April 1997, will contain the following Alberta Education documents:

- LRDC 1997-98 Buyers Guide
- Policy, Regulations and Forms Manual (February 1997)
- School Act
- Partners During Changing Times
- Guide to Education: ECS to Grade 12 Handbook

The LRDC believes all these new "value-added" features will result in faster, better and cheaper learning resource services to all existing and new customers.

\*\*\*\*\*

### 3) LEARNING RESOURCES CREDIT ALLOCATION (LRCA)

#### a) PURPOSE

The Learning Resources Credit Allocation (LRCA):

Assists eligible Alberta school authorities provide educational programming and enhance learning of Alberta Grades 1 to 12 students, by subsidizing up to 25% of the cost of learning resources to a credit dollar amount maximum for resources carried by and purchased from the LRDC.

Purpose

#### b) OPERATING PRINCIPLES

- School authorities eligible to receive the LRCA are:
  - ⇒ All school authorities receiving ASFF per pupil instructional grant;
  - ⇒ Accredited Private Schools under Section 22(2) of the School Act; and
  - ⇒ Band Operated and Federal Government administered Indian Schools

Operating Principles

- Eligible School Authorities receive **\$9.30** per grade 1 to 12 students, (as of September 30, 1996) **credit** at the LRDC for the **purchase of any** learning resource carried by the LRDC, unless otherwise noted.

c) **OPERATING PROCEDURES**

Operating  
Procedures

- **The 1997-98 credit ends March 31, 1998.**
- The LRCA **will automatically be applied** to the list selling price of any product at the time of invoicing until the full credit amount is used by the school authority or unless the purchase order requests that the LRCA not be accessed for the order.

*NOTE: All LRDC invoices will identify the (a) amount of LRCA used and (B) amount remaining, by school and school authority.*

- The LRDC will record and report LRCA purchases by individual school, on behalf of the school authority, only if requested by completing and returning Section I of Appendix B of the LRCA information package to the LRDC.

*NOTE: Purchase orders must identify the school.*

- The full list selling price will be charged once the credit amount is fully used.

\*\*\*\*\*

4) **Distribution of The Buyers Guide and Supplements**

Timing and  
Distribution Basis

a) **PRINT VERSION**

Each April a new Buyers Guide (insert) is distributed to each **School Authority Central Office** for further distribution to their individual schools. **This year's print Buyers Guide is split into three divisions for the English edition (Elementary, Junior High and Senior High versions) and one complete listing for French.** With the increased accessibility of the LRDC Buyers Guide on Internet, the 1997-98 distribution ratio is based on one or two inserts per school's grade designations and the same for Central Office use. Schools that may have no formal Central Office such as Private Schools, receive one copy directly from the LRDC. The 1997-98 Buyers Guide is listed for sale in the General Learning Resources section.

The LRDC hopes to eliminate the print Buyers Guide soon by having all customers access product information and ordering through the Internet.

b) **CONSOLIDATED SUPPLEMENTS**

Consolidated  
Supplements

The LRDC will continue to provide print Buyers Guide Supplements in 1997-98, listing new authorized resources since the issue of the annual Buyers Guide. Our goal is to reduce the number of supplements in 1997-98 to one or no more than two and in 1998-99 to no more than one. When Supplements are received, you can recycle old Supplements and insert the "new" Supplement document after its corresponding tab. This format ensures customers will have to look in no more than two Buyers Guide documents to identify products they want to purchase.

c) **FRENCH LANGUAGE INSTRUCTION EDITION BUYERS GUIDE**

French Language  
Instruction Edition  
Buyers Guide

The French Language Instruction Edition Buyers Guide lists authorized products for Francophone and Immersion instruction. We send it to schools/school jurisdictions who offer French pursuant to Sections 5 and 6 of the Alberta School Act (1988). Extra copies are available for purchase - see General Learning Resource section.

\*\*\*\*\*

5) **Revised Format Based on Customer Survey**

The LRDC conducted a major customer service survey in May 1996. Your satisfaction level of the 1996-97 print Buyers Guide decreased in relation to the 1992 major survey as follows:

Customer Type	1992 Satisfaction	1996 Satisfaction	% Change	
			% Points	%
Teachers	98.1%	95.1%	-2.4%	-2.5%
School Based Administration	97.3%	95.6%	-1.7%	-1.8%

YOU TOLD US THAT some of the common areas that need improvement included:

- decrease "bulk" and "waste" by publishing several smaller editions either by grade or subject,
- improve ability to find items and be more "user friendly,"
- bring back the old Unique Product Code (UPC) that included the subject initials and grade in it.

WE LISTENED AND INTRODUCE THREE NEW IMPROVEMENTS IN YOUR 1997-98 BUYERS GUIDE to address the first 2 suggestions:

- a) **Changed the "old" ECS-XII format by issuing** an Elementary (K-6), a Junior High (7-9) and a Senior High (10-12) version in 1997-98,
- b) **Revised the content into one standardized**, automated format for all grades and subjects, and
- c) **Re-emphasized the listing of products alphabetically** throughout, first by program/course area, series (if applicable) and then by product name.

While we liked the third suggestion of going back to the original UPC, it is not feasible and is cost prohibitive and did not lend itself to a user friendly electronic Buyers Guide.

WE HOPE these changes result in the improvements you expected. If not, let us know so we can improve the 1998-99 print Edition.

We will notify our customers this fall about more of the survey results and what we are doing to improve and better meet your needs.

The best solution to the first two improvement suggestions is for customers to use the Buyers Guide on Internet. It is not bulky and you can find the specific product or type of products, you are interested in browsing or ordering, almost instantaneously by any number of search criteria. We encourage every customer to visit the LRDC Buyers Guide at our website:

<http://ednet.edc.gov.ab.ca/lrdc>

These "ADDITIONAL" resources are labelled in the Buyers Guide "Authorization Status" column as "Extra Resources." Schools may choose to use these "additional" learning resources to supplement instructional activities or use them as instructional materials under Section 44 (2) (a.1) of the Province of Alberta School Act.

\*\*\*\*\*

9) **AUTHORIZATION  
STATUS**

Alberta Education groups student learning resources for use in Alberta schools into two categories - **Basic** and **Support**. This classification is intended to communicate the relative importance and role of student learning resources. Authorization means Alberta Education, under Section 25 (1) (b) of the Alberta School Act, has judged these student resources, be they textbooks, audio, video, CD-ROM, Distance Education or Correspondence Education, to be the most appropriate for a Course or Program of Studies and they have met Alberta Education criteria for acceptability. Authorized Teaching Resources are specifically reviewed and authorized for teacher use.

- a) **Student Basic Learning Resources** are authorized as the most appropriate for addressing the majority of learner expectations of course(s), substantial components of course(s), or the most appropriate for meeting general learner expectations across two or more grade levels, subject areas, or programs as outlined in provincial Programs of Study.
- b) **Student Support Learning Resources** are authorized to assist in addressing some of the learner expectations of course(s); or assist in meeting the learner expectations across two or more grade levels, subject areas, or programs as outlined in the provincial Programs of Study..
- c) **Authorized Teaching Resources** are teaching resources produced outside Alberta Education by publishers. They meet the criteria of review and usually support a student text. Some of these are authorized as Basic as well.

A Course of Studies is a legal document prepared for each course in each subject area at each level of learning. It may be a sub-unit of a Program of Studies. The major components of a Course of Studies are the philosophy, rationale, learner expectations and a listing of basic learning resources. A Program of Studies is a sequence of courses of study. Teachers may also want to consult an existing Curriculum Guide for suggestions on learning resource usage in the classroom.

Teachers and administrators are encouraged to consult the applicable Alberta Education "Program of Studies" and "Course of Studies" to identify appropriate learning resources for classroom use.

- d) Alberta Education publications are published by the department and are given status under "Education Resources."
- e) LRDC also carries learning resources and materials (categorized as "**Additional**") that do not go through review and evaluation by Alberta Education, but are carried because Alberta schools have expressed a "need" or "demand" for these specific products. These "**ADDITIONAL**" resources are labelled in the Buyers Guide "**Authorization Status**" column as "**Extra Resources**." Schools may choose to use these "additional" learning resources to supplement instructional activities or use them as instructional materials under Section 44 (2) (a.1) of the Province of Alberta School Act.

\*\*\*\*\*

10) **PRODUCT PRICING**

Pricing

a) **SELLING PRICE OF ALL LEARNING RESOURCE PRODUCTS**

Prices quoted are gross selling prices and do not include applicable credit allocations (LRCA) or 7% GST. For detailed information on LRCA refer to pages GI-1 and GI-2, or page GI-5 for GST.

b) **SELLING PRICE DETERMINATION**

We try to keep prices as low as possible by purchasing product at lowest price and by keeping operating and inventory costs low. The **LRDC operates on a break-even financial basis** with a cost recovery mark-up on all products sold. There are two primary determinants of the LRDC Selling Price: (1) unit cost of products to the LRDC from publishers/suppliers, and (2) a small LRDC mark-up to cover internal operating and external transportation costs. *All LRDC selling prices include shipping and handling charges to Alberta destinations.*

Markdown selling prices on specified products apply only while quantities last and these products are Non-Returnable.

c) **1997-98 SELLING PRICE IMPACT**

1997-98 Selling  
Prices

The 1997-98 general net impact on prices to LRDC customers is an **average increase** of about 3.8% over 1996-97 prices. LRDC **suppliers increased** their costs to the LRDC by an average of 3.85% while the **LRDC decreased** the markup on the landed cost of goods from 15.7% in 1996-97 to 15.6% in 1997-98; a decrease of 0.6%. The LRDC 1997-98 basic markup of 15.6% represents a 13.3% decrease from our 18.0% markup in 1987-88.

d) **PRICE CHANGES**

Pricing and Price  
Changes During  
LRDC Year

LRDC introduces new year product prices effective April 1 of each year. The **LRDC will hold selling prices until March 31, 1998, unless unusual circumstances warrant otherwise.**

\*\*\*\*\*

11) **COPYRIGHT**

The Canadian Copyright Act is a federal law which protects intellectual property, that is the products of the minds of creators. The law protects every original literary, dramatic, musical and artistic work. It protects computer programs, videos, cassettes, records, paintings, sculptures, photographs, architectural works of art, engravings, maps, etc.

In Canada, the Copyright Act has never allowed the making of multiple copies of copyrighted print materials for use in classrooms. "Fair dealing," a defense to a charge of infringements, allows for the making of a copy of a non-substantial portion of a creative work for private study, research, criticism, review or newspaper summary. Anything more than that requires the permission of the author/publisher.

In 1993, Alberta's Minister of Education signed a Provincial Print License with the Canadian Reprography Collective (CanCopy) which allows the teachers of participating school jurisdictions and private schools to make class sets of certain materials only, in accordance with the License. If your school is part of the License, there will be a green and red poster and an Exclusions List over every photocopy machine. The terms of the License must be followed.

**The License only covers print materials.** The copying of computer programs must be done in accordance with the terms of the license covering that program. Audio-visual materials being shown in a school must have a public performance license attached to the film or the school must be covered by a site license. For "Home Use Only" videos cannot be used in a school unless there is a public performance site license.

Alberta Education produces many printed materials for use in Alberta schools. Many of these materials give permission for photocopying provided the purpose is educational and non-profit. Some materials have "all rights reserved" because they may contain copyrighted materials belonging to a third part from who Alberta Education has obtained permission to reproduce a certain number of copies. Always check the copyright page at the front of a document to see whether the rights are reserved or permission to copy has been given. **Distance and Correspondence Education materials have all rights reserved and therefore cannot be copied.**

For further information about copyright, contact Diane Gagnon of the Alberta Education Corporate Services and Information Access Branch at 427-2914.

## **CAREER AND TECHNOLOGY STUDIES**

### **WHAT IS CTS?**

Career and Technology Studies (CTS) restructures and will replace the present Practical Arts courses - Business Education, Home Economics, Industrial Arts and Vocational Education. CTS also encompasses Computer Studies, Agriculture: Land and Life, and Work Experience. CTS offers new curriculum with updated processes and technologies. There will be new, up-to-date resources and expanded delivery systems.

CTS is organized into 22 strands. Each strand is composed of modules, which are blocks of learning equivalent to one high school credit. Modules are organized into three levels: introductory, intermediate and advanced. Students are expected to demonstrate a higher degree of competence and to meet higher standards as they move from the introductory level through the intermediate level to the advanced level.

### **WHAT ARE THE TIMELINES?**

CTS strands are being phased in gradually. Each strand has an optional implementation phase, in which schools may or may not offer it. Nineteen strands are available for implementation on an optional basis as of September 1995. Full implementation of all 22 strands is scheduled for September 1997. Please see the attached CTS Implementation Schedule for more information.

### **HOW WILL CTS AFFECT YOU?**

CTS encourages the use of a variety of print media and resources. Some resources listed in this guide will be replaced once the curriculum review process is complete. Consult the CTS Implementation Schedule before purchasing resources for current practical arts courses.

## FOREWORD

### DISTANCE AND CORRESPONDENCE EDUCATION PRODUCTS

#### 1) Distance and Correspondence Education Course Materials

Alberta Education, through the Alberta Distance Learning Centre (ADLC) and Language Services Branch (LSB) develops two types of material:

##### a) Distance Education Course Materials (DE)

Newly designed course material that incorporates modified learning strategies and the use of technology are identified as "Distance Education" resources. All DE resources are authorized for use in the regular classroom or any other educational setting.

##### b) Correspondence Education Course Materials (CE)

These are the course materials that have traditionally been prepared and are identified as "Correspondence Education" courses. All CE resources are authorized for use in the regular classroom or any other educational setting.

\*\*\*\*\*

#### 2) Distance Education Materials Intended Target and Use

Distance Education materials have been developed for a variety of educational applications: (1) individual students who are unable to attend school, (2) individual students who are unable to enroll in a particular course, (3) teachers to use for either an in-classroom Distance Education Program or for regular in-classroom use, (4) teacher reference material, (5) student reference material, etc. The materials have been designed in meeting individual student needs through the use of modular components as part of a student learning strategy.

\*\*\*\*\*

#### 3) Types of DE Course Materials

- a) Each course generally consists of 4 to 8 student modules which are intended to be used by individual students.
- b) Each module has one corresponding assignment booklet.
- c) All courses have a Learning Facilitator's Manual (LFM) which provides teachers with hands-on assistance in "how" to deliver the Distance Education program/course. Most LFM's contain a sample test and answers as well as the answers to the lessons; therefore, **they are available only to schools** on a school/ jurisdiction purchase order and/or to teachers with a verifiable teaching certificate number.
- d) Many of the teaching keys (for CE courses) are poor quality in terms of reproduction. Refer to the description of the teaching key you require for information on status of print type.
- e) Most Junior High DE Courses have Student Support Guides to accompany the modules. They are intended for the Registered Student or the non-classroom student. The same information is included in the LFM for the classroom students.
- f) The Distance Education Program also involves a variety of non-print material. The LRDC Buyers Guide identifies a large number of the non-print materials and where you are able to access them. Many of the videos are available through the Regional and Urban Film Centres as part of an Alberta Education negotiated Provincial License; as well, many are available through ACCESS.

#### 4) Pricing Structure

#### General pricing for Distance and Correspondence resources are:

- a) All LRDC prices are generally based upon full cost recovery of goods, reproduction and distribution costs.
- b) In general, DE student print material prices are \$15.00 per credit, while CE material prices are \$7.00 per credit.
- c) Assignment booklets are available in complete sets. Pricing is \$2.00 x the number of module booklets in the set.
- d) Price changes are effective April 1, 1997 except for ADLC registered students which are effective June 1, 1997.
- e) All DE/CE materials qualify for the Learning Resources Credit Allocation (subsidy of 25% per unit) if purchased from the Learning Resources Distributing Centre by an eligible school authority.

#### 5) Ordering DE/CE Products

#### a) **The following ordering information pertains to anyone requiring DE/CE materials other than a person wishing to register as a student of the ADLC:**

- i) Use the regular LRDC ordering process for submitting orders to the LRDC. Refer to page GI-10.
- ii) The LRDC will carry only required non-print materials developed by the ADLC or Language Services Branch, but may produce some non-print materials that have been acquired by Alberta Education, with the LRDC having the right to reproduce. The Buyers Guide identifies most of the non-print resources that have been authorized and where they can be purchased.
- iii) Most textbooks required for DE/CE, whether for registered or non-registered students, may be ordered from the LRDC. Note: In some courses such as the Elementary subjects and Spanish 15/25 the textbooks are out of print and not available from LRDC. In these cases, to acquire the textbook the student(s) must register in the course with the ADLC (the book is then loaned to the student with a caution fee).
- iv) A list of required laboratory loan supplies are provided with most science subjects. The LRDC **does** carry these kits (which include required supplies that are disposable; reusable items are provided to Registered Students only as a loan item).

#### b) **The following information pertains to anyone wanting materials and registering with the ADLC as an ADLC Registered student:**

- i) Application forms (available from ADLC) must be submitted by/for all students intending to register for instruction with the ADLC.
- ii) Fees include cost for tuition and materials.
- iii) Textbooks may be purchased from the 3 sales/distribution outlets (see Point 4) except for circumstances such as if the text for a course is no longer available.
- iv) Refer to the ADLC Student Handbooks for more information.

# Materials Resource Centre

*for the Visually Impaired*

## MRC PRINT DISABILITY AUDIOTAPE PRODUCTS

- Selected curriculum resources in audiotape are sold to schools for use by students in grades 1 to 12 who have a print disability and have an individualized program plan (IPP) that specifies the use of audiotape.
- A print-disabled student means a student who is unable to effectively use conventional print reading materials due to a physical disability or due to a learning disability. (For a definition of learning disabilities, see the Guide to Education for Students with Special Needs.)
- The available products are 2 track audiotapes. The Materials Resource Centre for the Visually Impaired (MRC) produces these resources from an audio master previously recorded by the MRC for students who are visually impaired and for only those resources for which copyright authorization exists or has been obtained.
- Print disability audiotape products qualify for the 25% Learning Resource Credit Allocation (LRCA) when ordered by eligible school authorities.
- Returns will be accepted within 4 weeks from date of receipt from LRDC. A finance and restocking charge of up to 15% will be applied.
- Audiotape resources which contain between one and eight cassettes are priced at \$8.50 a cassette. Audiotape resources containing nine to eleven cassettes cost \$74, \$80 and \$86 respectively. Twelve or more cassettes cost \$92.

## FOOLPROOF SECURITY SOFTWARE

### General Resource

Series : FoolProof Security Software 3.0 \*ELIGIBLE FOR PURCHASE BY ALBERTA EDUCATIONAL INSTITUTIONS ONLY\*

FoolProof Security Software, from SmartStuff Software Inc., is a powerful, full featured desktop security solution. This cross-platform, fully network-compatible software protects the operating system and hard-drive, allows multiple security groups, locks applications and control panels, directs file saving, provides Internet access security and controls system startup, all in a one-step installation.

**GENERAL INFORMATION:** Alberta Education's LRDC has provincially negotiated and acquired FoolProof in a bulk purchase for Alberta schools at a substantially reduced price. The LRDC consulted with 7 Alberta school districts to finalize this very affordable arrangement.

**IMPORTANT ORDERING INFORMATION:** To take advantage of the best possible pricing, and for easy, effective implementation of the software in your schools, the LRDC and SmartStuff Software Inc. request that all district schools work together through their District Technology Coordinator (DTC) or equivalent to evaluate, coordinate and implement the purchase of FoolProof.

Once it is determined how many of your district school computers need to be licensed for FoolProof, the DTC should contact and/or send a purchase order to the LRDC. Media should be purchased with additional licenses to take advantage of this arrangement.

FoolProof Software is sold as, **THE RIGHT TO MAKE COPIES** (applies to the media component) and **LICENSES** to cover copyright permission for all stations or cpu's. The district requirements should be purchased on a per platform basis, by ordering 1 copy of the media **MASTER** and the rest of the order requirements should be **LICENSES** to cover all cpu's. **MANUALS** are sold separately.

**EXAMPLE:** A district needs 110 copies of WIN95 for 4 of their district schools - the order to the LRDC would be for 1 - WIN95 Media 3.0 (3.5") and 110 - WIN95 License Paks and the required number of WIN95 Manuals. The LRDC invoice is your legal proof of purchase, as there is no actual License product.

**ONCE** the district order is received from the LRDC, the DTC should contact SmartStuff Software Inc. to register your FoolProof acquisition and to obtain the necessary **CODES** to the password-protected software. **AGAIN**, it is recommended that the DTC or equivalent coordinate the entire process as they will also be the contact person for SmartStuff regarding technical information.

## FOOLPROOF SECURITY SOFTWARE

### General Resource

Series : FoolProof Security Software 3.0

**\*ELIGIBLE FOR PURCHASE BY ALBERTA EDUCATIONAL INSTITUTIONS ONLY\***

FoolProof Security Software, from SmartStuff Software Inc., is a powerful, full featured desktop security solution. This cross-platform, fully network-compatible software protects the operating system and hard-drive, allows multiple security groups, locks applications and control panels, directs file saving, provides Internet access security and controls system startup, all in a one-step installation.

**GENERAL INFORMATION:** Alberta Education's LRDC has provincially negotiated and acquired FoolProof in a bulk purchase for Alberta schools at a substantially reduced price. The LRDC consulted with 7 Alberta school districts to finalize this very affordable arrangement.

**IMPORTANT ORDERING INFORMATION:** To take advantage of the best possible pricing, and for easy, effective implementation of the software in your schools, the LRDC and SmartStuff Software Inc. REQUEST THAT ALL DISTRICTS SCHOOLS WORK TOGETHER THROUGH THEIR DISTRICT TECHNOLOGY COORDINATOR (DTC) OR EQUIVALENT TO EVALUATE AND COORDINATE THE PURCHASE OF FOOLPROOF.

ONCE it is determined how many of your district school computers need to be licensed for FoolProof, the DTC should contact and/or send a purchase order to the LRDC for media and manuals and the type of licenses that are required.

FoolProof Software is sold as LICENSES to cover copyright permission for all stations or cpu's. The district requirements should be purchased on a per platform basis, by ordering at least 1 copy of the MEDIA MASTER and the rest of the order requirements should be LICENSES or BUILDING SITE LICENSES to cover all cpu's. MANUALS are sold separately.

**EXAMPLE:** A district needs 110 copies of WIN95 for 4 of their district schools - the order to the LRDC would be for 1 or more - WIN95 Media 3.0 and 110 - WIN95 License Paks and the required number of manuals. The LRDC invoice and pick ticket are your legal proof of purchase, as there is no actual License coming from the LRDC.

ONCE the district order is received from the LRDC, the DTC must contact SmartStuff to register your FoolProof acquisition, to obtain the necessary CODES to the password-protected software and receive your CERTIFICATE OF PURCHASE AND LICENSING INFORMATION.

AGAIN, it is recommended that the DTC or equivalent coordinate the entire process as they will also be the focal contact person for SmartStuff regarding technical information.
